

BACHELOR OF ARTS (BA)

2001 - 2002 ARTS & SCIENCES PROGRAM REQUIREMENTS

Name: _____ Major: _____

The faculty specifically designed these program requirements to give you an educational experience that will be foundational to any career you may choose and to your becoming a lifelong learner.

Guidelines:

Understand the rationale for each requirement: Why are you studying this? Have the courses you've taken supported the rationale? Why/why not?

Research the courses: What are possible sources of information (Catalog? Web? Instructor? Department? Other students?), and their strengths and weaknesses?

Test yourself on the FAQs (see last page): What information/resources are most critical to you now? What about later? Why?

Explore different majors and/or connect with your major department: What are the decision-making strategies you can use in deciding on a major? What can your major department offer you besides a list of major requirements?*

***Note:** Major requirements are not included in this brochure. See your (intended) major department for a list of requirements and schedule a meeting with a department adviser (phone numbers on last page).

» Graduation Requirements

....ensure educational breadth and rigor...participate in wide ranging discourses...acquire critical skills through a variety of courses...increase understanding of other people and the structure of language...

CREDITS

A minimum of 104 applicable college-level credits of which at least:

- 104 credits are from Arts & Sciences courses
- 60 credits are from non-introductory courses, which are courses that are:
 - a) 300-level or higher, or
 - b) 200-level with an explicitly stated course prerequisite, such as those indicated in the UHM Catalog. This course prerequisite must be at the college-level (i.e., 100-level and above).
NOTE: English literature courses numbered 250 through 257 are an exception. While these courses have a course prerequisite, they are considered INTRODUCTORY courses and DO NOT fulfill this non-introductory credit requirement.
- 30 credits are earned at UH Mānoa

GRADES

Cumulative: Minimum 2.0 grade point ratio (GPR).

Major: "C" grade or higher in each course fulfilling a major requirement or a minimum major GPR as required by the major department (see your major department)

Frequently Asked Questions about an A&S Degree Program

1. How do I complete a baccalaureate degree in the Colleges of Arts and Sciences (A&S)?

Fulfill all of the graduation, foundations, and diversification requirements found in this brochure and the requirements for your major and then you're done! Contact the A&S major departments (listed below) to obtain your major requirements. Read the A&S section of this academic year's UHM General Information Catalog (available online at <http://www.catalog.hawaii.edu>) for more information on your degree program.

2. I am at another campus and want to transfer to your program -- what's involved?

If you have earned *less than 24 transferrable credits* (freshmen), the requirements include a minimum SAT score of 510 Verbal and 510 Math, a high school GPA of 2.8, graduation in the top 40% of the graduating class, and positive recommendation. If you have earned *24 transferrable credits or more*, the requirement is a 2.0 GPA at a UH system campus and a 2.5 GPA for non-residents transferring from outside the UH system. For UH system prospective transfer students, check with your campus counselor on the transfer process to UHM or contact Arts & Sciences Student Academic Services (956-8755).

For prospective transfer students from outside of the UH system who wish to estimate course equivalencies, visit the Admissions & Records (A&R) "transfer credit search" website at <http://www2.admrec.hawaii.edu/transfer/CreditTransfer.asp> to see past evaluations of courses from your college. These website evaluations of equivalencies are subject to change.

For transfer students accepted at UHM, see your transfer evaluation from A&R for equivalent courses and accepted credits. All transfer students should check with specific A&S departments (see list below) for major requirements.

3. Do I have to change my program requirements each year?

No. While the program requirements may change from year to year, you follow the program requirements that were in effect during the academic year you entered the UH system (e.g., UH-Mānoa, UHM Outreach College, UH community colleges). If you break from the UH system for a year or more and then return, then the re-entry academic year is your program requirement year and you will need to follow the requirements for that year.

4. How can I make sure that I'm making satisfactory progress in getting my degree?

While you are ultimately responsible for your degree program, you can obtain help from A&S Student Academic Services and your major department at each stage of your college career by doing the following:

Transfer Students/Freshmen: Visit the First Year Center (FYC) at Keller 303 or call 956-7273. Incoming students can also contact the New Student Orientation Office at 956-3667 to sign up for Orientation.

Sophomores: By the appropriate deadline, declare your major or apply for transfer to the UHM college where you intend to earn your degree. In the Spring semester, attend the Job and Academic Fair and a Major Decision workshop. Visit your major department adviser.

Juniors: To make sure you're on the right track after declaring an Art & Sciences major, sign up for a Junior Matriculation and Planning (JUMP) session at Keller 305 or call 956-8755.

Seniors: The semester prior to your expected graduation, complete the Certification of Fulfillment of Major form (the 'Goldenrod' form) with your major adviser, and then sign up for a Graduation Audit (GRAD) session when you return the form to Keller 305 (or call 956-8755).

Pre-professional: Pre-Professional students (e.g., pre-med, pre-law) visit the Professions Advising Center (PAC) at Keller 303 or call 956-4045.

Probation/Suspension: Students placed on probation or are returning from suspension can sign up for a Success Workshop at Keller 305 or call 956-8755.

For individual appointments with an A&S academic adviser, sign up at Keller 305 or call 956-8755.

5. How can I make my UH Mānoa experience even better?

You are encouraged to use all of these resources:

Careers/Counseling/Study Strategies: ... Career Services (956-8136), Counseling and Student Development Center (956-7927), Learning Assistance Center (956-6114)

Enhancements: Co-Curricular Activities, Programs, and Services (956-8178), First Year at Mānoa Learning Communities (956-8626), Honors Program (956-8391), National Student Exchange (956-7891), Service Learning (956-4641), Study Abroad (956-5143)

Basics: Admissions (956-8975), Records/PAE (956-8010), Financial Aid Services (956-7251), Housing (956-8177), Student Employment (956-7007), Student Health Services (956-8965)
